

For your convenience, below are three OT camps that are also for children in Pre-School and Kindergarten. See you this summer!

Occupational Therapy Social Group Summer Camps For Ages 3 to 6 Years Old:

© BRAVE SOULS

July 7-11: 9:00-11:30 am
(Pre-K, K, & 1st grade)
\$700

Focus: Self-confidence, self-reliance and conflict resolution. The Brave Souls will learn about their potential strengths and recognizing a friend vs. a bully. In this physical and sensory-based camp, campers will participate in activities where they will learn to make wise choices while using their strengths to conquer their anxiety, and fears. They will also learn about important character values including self-confidence, following directions, handling frustration and social conflict in a positive manner. Campers will be able to apply these skills in team and individual physical challenges, all while learning to embrace their gifts. *Water based activities and "The listening program" are used during this camp.*

© SUPERHEROES!

July 14-18: M-TH: 9:00a-3:00p, F: 9-11:30a
(K, 1st & 2nd Grade)
\$1050

Focus: Great for children with hyperactive tendencies and children with Attention deficits. As a hero you will learn calming techniques using sensory integration activities. Learn how to stretch your body, move energy with your mind, put up a force field against bullies and pull toward your new friends. We'll explore the social values present in teamwork through undertaking heroic acts and learning how to compete as good sports. Campers will learn the essential skills of friendship such as sharing and caring, as well as the experience of understanding their own special gifts! The highly acclaimed program, *Interactive Metronome*, will be incorporated into this camp, along with other high-tech equipment like **Wii**, to work on improving campers' motor planning and coordination.

© PIRATES

Aug 4-8: 9-11:30am (Pre-K & K)
\$700

Focus: Become good sports, respect your friends but stand up for yourself. Aye Mate!! This adventurous theme-based camp provides a sensorimotor approach as campers find buried treasures, fish for food, battle for honor and create a team sail! All pirates must abide by the code of conduct to survive on the ship with their mates! Come join us as we not only apply the rules of friendship, but learn the skills of teamwork, including cooperation, collaboration and taking on certain roles within a group (fair fighting, knowing when to start/stop rough house play) all in order to survive the stormy weather of social challenges. Yo ho ho!
